

WAYMARK '500' APPEAL

We believe that counselling should be accessible to all.

Waymark offers professional counselling for everyone -we agree the cost with clients according to income and ability to pay

We are asking for **500 organisations, companies, groups or individuals to donate £100** to secure our work well into the next decade

To ensure that we can continue to support people in distress we need *YOUR* support

(smaller donations are also very welcome!)

Donations made through the Gift Aid Scheme enable us to claim back income tax

For further information on our work, and to donate, please contact us at:
